

Science Curriculum Map

Year Group	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2						
Nursery & Reception	Scientific enquiry is the process used to find out about the world.		Ongoing provision using children's real experiences, relevant literature and what they can see around them.									
	Biology is finding out about the basic needs of humans, plants and animals.											
	Chemistry is finding out about the observable properties of materials.											
	Physics is finding out about the seasons and the factors that affect how objects move.											
Year 1	Chemistry	Physics	Physics	Biology	Chemistry	Physics	Physics	Biology	Chemistry	Physics	Physics	Biology
Year 2	Chemistry	Physics	Physics	Biology	Chemistry	Physics	Physics	Biology	Chemistry	Physics	Physics	Biology
Year 3	Physics	Biology	Biology	Chemistry	Physics	Biology	Biology	Chemistry	Physics	Biology	Biology	Chemistry
Year 4	Physics	Biology	Biology	Chemistry	Physics	Biology	Biology	Chemistry	Physics	Biology	Biology	Chemistry
Year 5	Biology	Chemistry	Chemistry	Physics	Biology	Chemistry	Chemistry	Physics	Biology	Chemistry	Chemistry	Physics
Year 6	Biology	Chemistry	Chemistry	Physics	Biology	Chemistry	Chemistry	Physics	Biology	Chemistry	Chemistry	Physics
